ALUMINUM COPING

UNDER TRACK SYSTEM

ON VINYL LINER POOL

For an automatic safety cover that does a standout job of protecting your family and your vinyl liner pool without actually standing out, you can't beat a subtle tan fabric choice like this one that ties in nicely with the rock landscaping. Adding to the clean look is a hidden, encapsulated track, flush deck lid and aluminum coping.

- TAN COVER FABRIC
- ENCAPSULATION FOR VINYL LINER POOL
- FLUSH DECK LID

UNDER TRACK SYSTEM

ON FIBERGLASS POOL

Now you see it, now you don't! This high-quality tan cover slides effortlessly under the classic aluminum hinged lid when not in use on this fiberglass pool. The encapsulated track sits out of sight beneath the attractive concrete coping. For both aesthetics and ease of use, this setup is outstanding - not to mention the beautiful custom tile added to the perimeter walls. This swimming pool is a perfect combination of many of the unique features available.

- TAN COVER FABRIC
- ENCAPSULATION FOR FIBERGLASS POOL
- CLASSIC ALUMINUM HINGED LID

DECK ON DECK APPLICATION

UNDER TRACK SYSTEM

ON FIBERGLASS POOL

No straight edges? No problem! The deck-on-deck application used here allows you to cleanly and beautifully cover a freeform fiberglass pool with a rectangular cover, while concealing the tracks in steps created around the pool. The attractive tan fabric matches the concrete coping and stone landscaping, and tucks safely away under a classic hinged aluminum lid when the pool is in use.

- TAN COVER FABRIC
- ENCAPSULATION FOR FIBERGLASS POOL
- DECK ON DECK DESIGN
- CLASSIC HINGED ALUMINUM LID
- CONCRETE COPING

UNDER TRACK SYSTEM

ON GUNITE POOL

The rich navy blue fabric on this under track system for a gunite pool mimics the color of water, making it a scenic backdrop even when the cover is closed. The concrete coping and flat lid give a professional, finished look that is perfect for this well-kept yard.

- DECK ON DECK APPLICATION
- NAVY COVER FABRIC
- ENCAPSULATION FOR FIBERGLASS POOL
- CONCRETE COPING

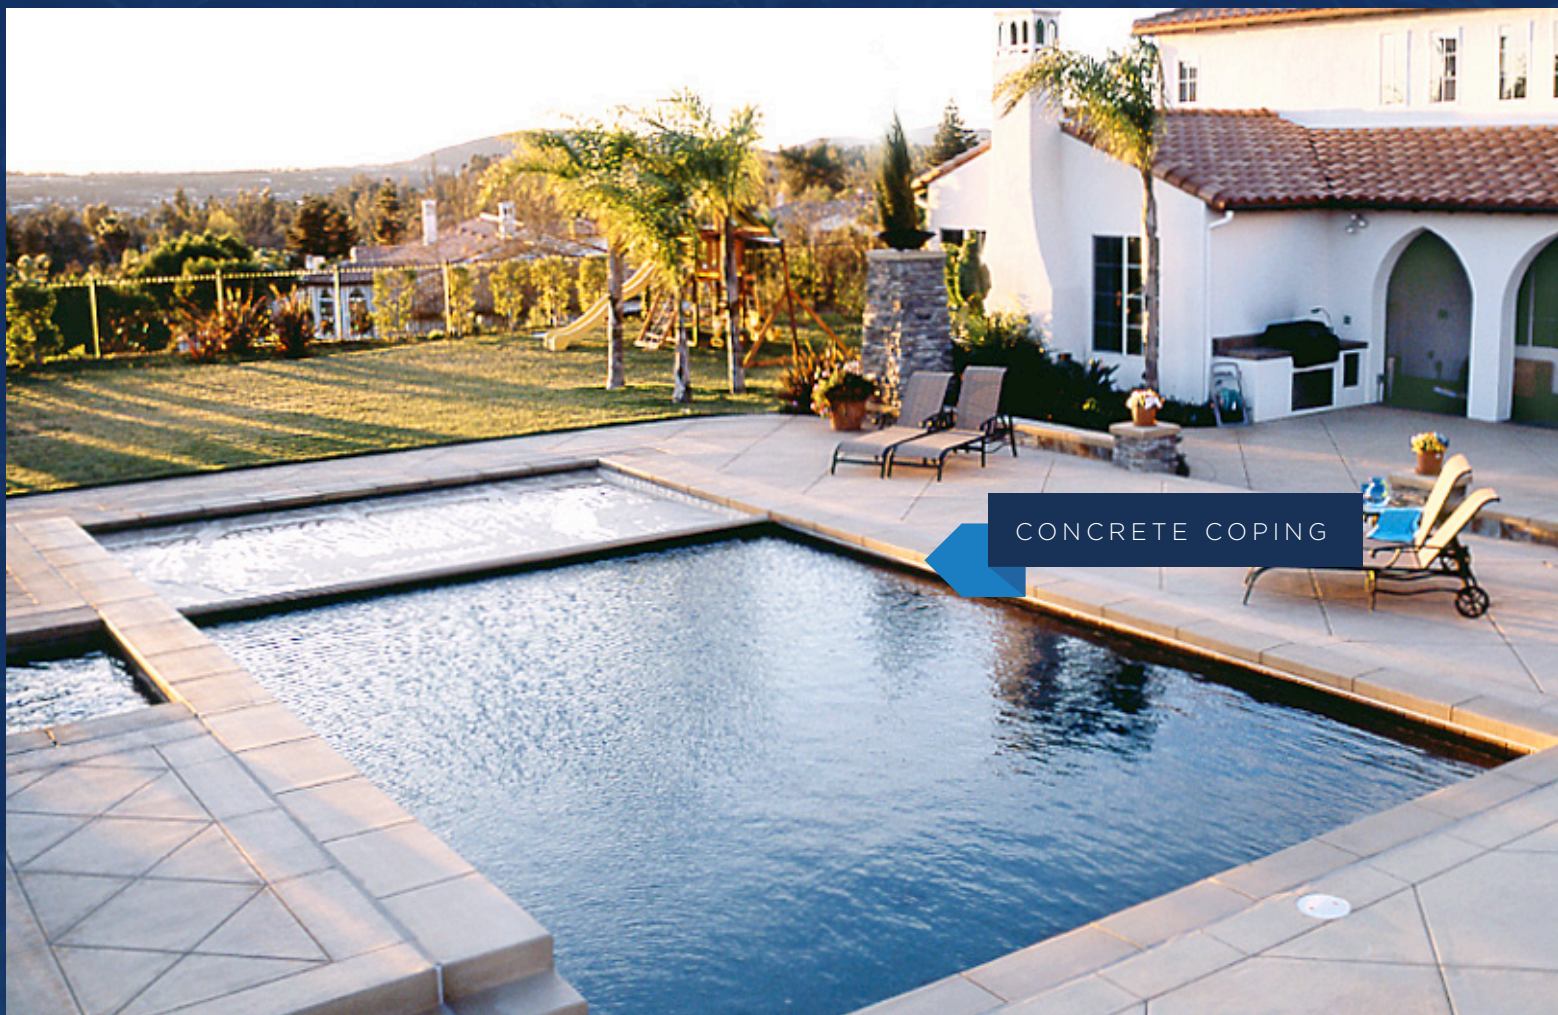

UNDER TRACK SYSTEM

ALUMINUM HINGED LID

The vinyl liner in this pool matches the gorgeous hue of the sky. When the royal blue cover is deployed, it does the same. The under track system, encapsulated by the deck on one side and the raised wall on the other, features a classic aluminum hinged lid.

- VINYL LINER ENCAPSULATION
- RAISED WALL
- CLASSIC ALUMINUM HINGED LID
- ROYAL BLUE FABRIC COLOR

UNDER TRACK SYSTEM

ON CONCRETE POOL

With a concrete walk-on lid to go with the concrete coping around this gunite pool, guests will never know you have a cover when it is retracted. The encapsulated track helps keep your secret as well. Gray cover fabric was chosen to pick up similar tones around the deck area and in the landscaping.

- ENCAPSULATION FOR GUNITE POOL
- CONCRETE WALK ON LID
- GRAY COVER FABRIC

TOP TRACK SYSTEM

STANDARD TOP TRACK

Simplicity is the focus of this top track system on this freeform fiberglass pool. Simple to install and simple to operate. The subtle tan hue of the cover fabric blends flawlessly with the concrete deck. When the cover is not in use, it sits safely under a classic hinged aluminum lid.

- TAN COVER FABRIC
- CLASSIC HINGED ALUMINUM LID
- FIBERGLASS POOL
- CONCRETE DECK

CONCRETE WALK ON LID

TOP TRACK SYSTEM

RECESSED HORIZONTAL TRACK

The recessed horizontal track of this top track system on the gunite pool keeps it conveniently out of the way. When the cover is open, its attractive tan fabric reflects the desert surroundings. And, a step up to the walk-on concrete lid finishes the look and blends all of the separate components with the concrete deck.

- BROWN COVER FABRIC
- PAVER POOL DECK
- FIBERGLASS POOL
- CONCRETE POOL DECK

DECK MOUNT SYSTEM

WITH WOOD BENCH

An exceptional blend of form and function, this standard top track system has an attractive wood bench that provides seating and protects the retracted cover and mechanism. The green cover looks right at home with the lush landscaping and provides eye-catching contrast with the brick coping.

- GREEN COVER FABRIC
- STANDARD TOP TRACK
- BRICK COPING

DECK MOUNT SYSTEM

WITH ALUMINUM BENCH

This dynamic and durable system features a versatile aluminum bench that conceals and protects the cover when it is not in use. The lines created by the standard top track system make great accents for the pattern of the brick coping, and the gray cover fabric is a great fit for the overall color scheme.

- GRAY COVER FABRIC
- STANDARD TOP TRACK
- BRICK COPING
